Happy Autumn,

October 1, 2011

As we enter this colorful season let us give thanks to our Creator for giving us such a beautiful masterpiece to occupy.

Our new students are wonderful! Thank you for giving us the opportunity to help educate them.

The teachers have been busy with a variety of goals throughout September. The students in grades 1 through 8 will be evaluated on their reading skills through a test called the DRA. This test will be given to the students twice more in order to evaluate their growth.

Mrs. Galvin and Mrs. Trainor are organizing two presentations for the month of October. Grades K through 3 will be meeting with Ronald McDonald for an anti-bullying program. All of the students will be attending age appropriate fire prevention programs. This month is fire safety month so please make a family plan of escape and meeting place with your children.

This year we are blessed to have Father Pace available to help with our spiritual growth. Our plan is to celebrate First Friday Mass regularly. Any parent is more than welcome to help us celebrate. We cannot set a constant time as of yet due to funeral schedules. However, we will try to get the information out on the Thursday before.

Both of our boys' basketball teams are in need of a coach this year. Anyone that might be interested must have virtue training (which is a 2-3 hour course on children's safety) and must have a background check. Time is getting short so please contact the office if you have time to volunteer for the boys.

All students should be going into the winter uniform Oct. 1<sup>st</sup>. Please be sure to read the requirements in your parent handbook. Also, many students are wearing excessive jewelry, dark nail polish, socks that do not cover their ankles etc. This is all spelled out in the handbook so please correct any violations.
