

Welcome to a new school year at SSPP. Every year we ask that you volunteer for some events taking place during the school year. We need the help of everyone in order to continue supporting the line item that the HSA is responsible for covering in the school budget. If we are able to provide support to the budget, we will be able to keep our school tuition affordable for everyone.

Please fill out the events you would like to volunteer for throughout the school year. We are asking that you volunteer for at least one event. We are **all** responsible for the Home and School Association fundraising.
